

# MEENAKSHI SUNDARARAJAN GROUP OF INSTITUTIONS

## MSGI CATALYST

CIIC • ICE • MS-IIC • MS-CDC

Transforming Education into  
**Innovation, Employability & Enterprise**  
Where Industry Meets Academia.

### EXECUTIVE INTRODUCTION

The Meenakshi Sundararajan Group of Institutions (MSGI) has architected a unified ecosystem that seamlessly integrates industry collaboration, advanced technology infrastructure, innovation incubation, and career acceleration.

Together, CIIC, ICE, MS-IIC, and MS-CDC create a transformative launchpad that bridges academic excellence with global industry expectations.

### VISION

To develop future-ready professionals, responsible innovators, and entrepreneurial leaders who create sustainable impact through technology, research, and innovation.

### MISSION

- Strengthen industry-academia collaboration
- Deliver experiential technology learning
- Foster innovation and entrepreneurship
- Enable global career opportunities
- Create a sustainable talent pipeline

# THE EXPERIENTIAL CORE

## Bridging the Gap: CIIC x ICE Advanced Labs

### 1 THE CORPORATE INTERFACE (CIIC)

The Centre for Industry Institute collaborations serves as the strategic bridge between academia and industry, creating meaningful collaborations that transform learning into real-world impact.

-  MoUs & Strategic Partnerships
-  Industry Talks & Leadership Sessions
-  Expert Lectures & Masterclasses
-  Consultancy & Live Projects
-  Internships & Industrial Training
-  Industry-Aligned Curriculum Development

### 2 THE INTERDISCIPLINARY TECHNOLOGY HUB (ICE)

The Industry Centre of Excellence (ICE) provides immersive experiential learning through advanced technologies, real-time projects, and industry-led training.

**SCHOOL STUDENTS**  
Exposure to emerging technologies through hands-on activities and curiosity-driven learning.

**ENGINEERING GRADUATES**  
Building technical expertise through advanced labs, real-time projects and prototype development.

**INDUSTRY PROFESSIONALS**  
Upskilling and reskilling through industry-led training programs and specialized certification modules.

### ADVANCED TECHNOLOGY DOMAIN LABORATORIES

**ADVANCED MANUFACTURING**  
CNC Lathe, VMC, EDM, Cylindrical Grinding

**ROBOTICS & AUTOMATION**  
6-Axis Industrial Robots

**DRONE TECHNOLOGIES & AEROSPACE**

**AR/VR EXPERIENCE ZONES**

**IOT & EMBEDDED SYSTEMS**

**PCB DESIGN & DEVELOPMENT**

**METROLOGY & QUALITY ENGINEERING**  
CMM, Profile Projectors

**CIVIL ENGINEERING TECHNOLOGIES**  
Prestressed Concrete

**3D PRINTING & ADDITIVE MANUFACTURING**

**LEARN. APPLY. INNOVATE. LEAD.**

## 3 MS-IIC STARTUP & INCUBATION ECOSYSTEM

### SMART CO-WORKING ECOSYSTEM

State-of-the-art incubation infrastructure with access to 100+ university laboratories.

### STRUCTURED MENTORING PARTNERSHIPS

Wadhvani Foundation, T-Hub, industry experts, and startup mentors.

### SEED-FUNDING ECOSYSTEM

Campus Angels, investor networks, grants, and startup funding support.

### INNOVATION PIPELINE

### EMERGING TECHNOLOGIES

### WHAT MAKES MS-IIC UNIQUE?

## 4 MS-CDC SPECIALIZED PROGRAM PATHWAYS

### RECRUITMENT READY BOOTCAMPS

- ✓ Technical Training
- ✓ Design Interviews
- ✓ Aptitude Reviews
- ✓ Algorithmic Assessments
- ✓ Mock Interviews

### UPSC & GOVERNMENT SERVICE TRAINING

- ✓ Civil Services
- ✓ Public Leadership
- ✓ Policy Analysis
- ✓ Personality Development

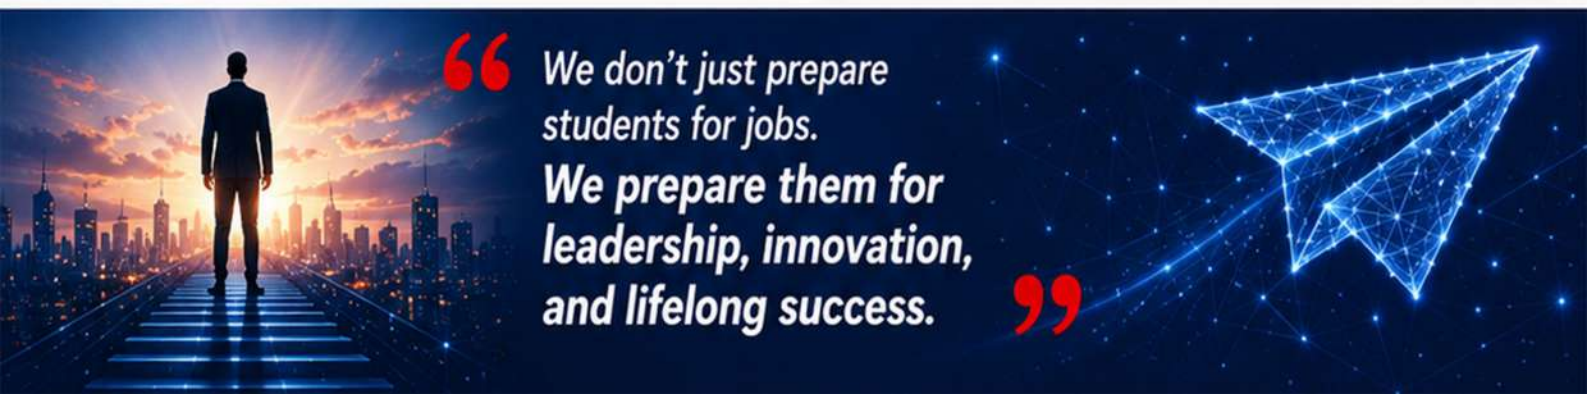

### GLOBAL HIGHER EDUCATION PATHWAYS

- ✓ GRE
- ✓ TOEFL
- ✓ IELTS
- ✓ GATE
- ✓ SOP Support
- ✓ Global University Guidance

### CAREER OUTCOMES & IMPACT

“ We don’t just prepare students for jobs. We prepare them for leadership, innovation, and lifelong success. ”

# THE ASCENT PIPELINE

Your Engineering Journey to Global Success

### STUDENTS

- Practical Tools & Exposure
- Enhanced Employability
- Entrepreneurship Opportunities
- Global Career Pathways

### FACULTY

- Industry Upskilling
- Research Collaborations
- Publications & Patents
- Consultancy Opportunities

### INDUSTRY PARTNERS

- Skilled Talent Pipeline
- Joint R&D
- Corporate Training
- Innovation Partnerships
